

UPHOLSTERY COLOURS

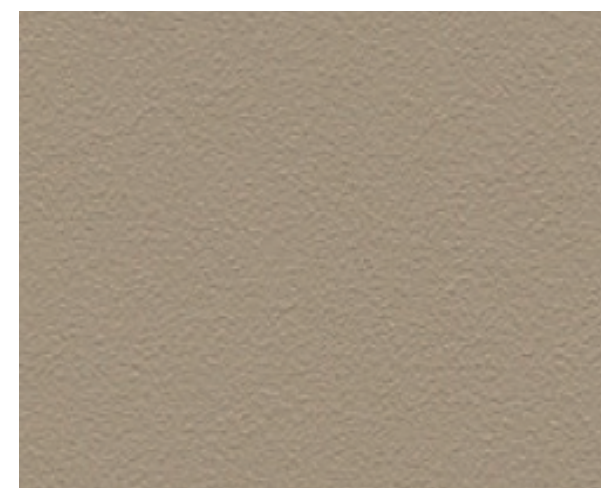

We use a high-quality technical fabric, specially designed for professional environments and intensive use. Its advanced structure and protective finish provide high durability and easy maintenance.

STOCK COLOURS

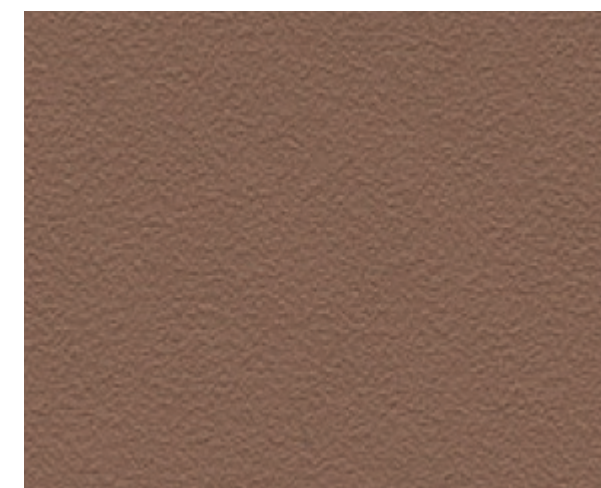

We have selected 5 colours of this fabric as stock colors. Customization with these colours does not increase production lead time.

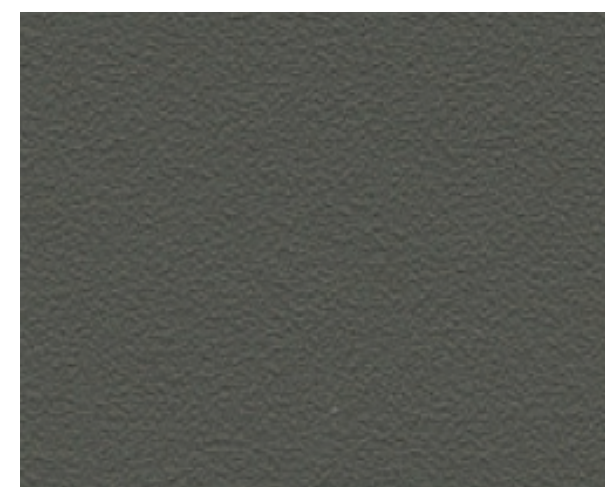

ASHGREY

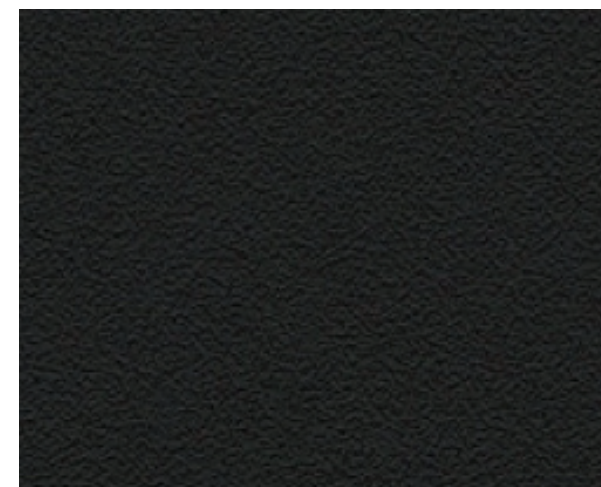

BIRCH

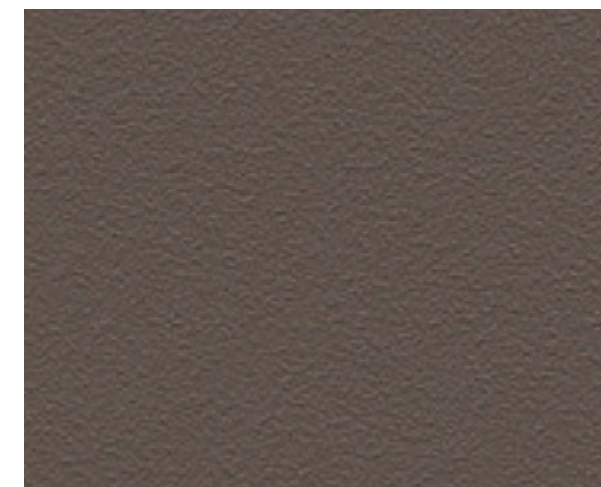

CAPPUCCINO

SLATE GREY

BLACK

CAROB

AVAILABLE COLORS

In addition to the stock colours, we offer a wide range of additional colours. All colours are available with no minimum order quantity, so it is possible to customize any product, even for a single unit.

The production lead time for non-stock colors must be confirmed, as it may vary depending on the selected color.

Colours displayed on screen are for reference only and may vary depending on the device, lighting, or monitor settings. Slight shade variations may also occur between different production batches. For this reason, exact colour matching cannot be guaranteed for orders placed at different times. Colour availability may change without prior notice.
